I confirm I have paid or will pay an amount of Income Tax and/or Capital Gains Tax for each tax year (6 April to 5 April) that is at least equal to the amount of tax that all the charities or Community Amateur Sports Clubs (CASCs) that I donate to will reclaim on my gifts for that tax year. I understand that other taxes such as VAT and Council Tax do not qualify. I understand the charity will reclaim 28p of tax on every £1 that I gave up to 5 April 2008 and will reclaim 25p of tax on every £1 that I give on or after 6 April 2008.

THE RESEARCH INSTITUTE  
FOR THE CARE OF OLDER PEOPLE

## About RICE

RICE is an internationally renowned dementia research and treatment centre located in Bath. As a charity we are independent of the NHS; however our research and treatment programmes complement the Government's Dementia Strategy.

Our aim is to advance the medical care and quality of life of older people everywhere. We focus on researching the best ways of diagnosing and treating Alzheimer's disease and other types of dementia, finding ways to help with the challenges of living with dementia, both for the individual and their family and carers.

In the Bath area, we offer specific education and training to older people, their families and carers as well as professionals. We run therapy programmes to help people with dementia improve their cognitive ability and social interaction. All of these services are free to participants.

RICE receives limited funding from the NHS to run the Memory Clinic, although this does not cover the entire cost involved in running the service.

We rely on grants, donations and fundraising activities to support our important work.

By becoming a volunteer or making a gift, you are helping to provide vital services and research for older people everywhere.

If you would like to find out more, please contact us.

To make a donation, please complete the donation form attached.

Thank you.
